

Good Afternoon. Welcome to the Persistence Prep 2020-2021 Virtual Student Lottery. My name is Joelle Formato, and I am the Founder & Head of School of Persistence Prep. We hope that all of our families, current and future, are staying safe and healthy during this uncharted time. We look forward to persisting through this challenging time, and having the opportunity to welcome our newest scholars to the Persistence Prep family.

Our Persistence Prep team deeply respects a family's right to choose the best school for your child and are deeply humbled that you have chosen to entrust us with your most precious resource- your children. We have so enjoyed meeting many of you over the past few months as you began to learn what Persistence Prep is all about and share with us the hopes and dreams you have for your children and their education. We look forward to beginning our partnership with you to foster your child's growth and ensure they realize their full potential. We cannot wait for the journey ahead.

To officially run our enrollment lottery, I would like to invite up Mr. Al Parker. Al will run our random lottery through the SchoolMint platform for each grade level. Once all grade levels have been run, results will be made public and notifications of offers will be sent electronically and by mail.

Families who receive an initial offer of enrollment must accept or decline that offer by Friday, April 17th. Offers can be accepted via SchoolMint or by calling 716-235-1520.

Given the current situation with COVID-19, registration packets will be made available online through the SchoolMint platform. The registration window will open immediately. You will be prompted to begin the paperwork once you accept the offer.

Please feel free to reach out with any questions. We look forward to welcoming your newest families in the coming months!
